

Welcome to the GitHub space

Projects

Create a customized view of your issues and pull requests to plan and track your work.

Labels

Organize and prioritize your work. Apply labels to issues and pull requests to signify priority, category, or any other information you find useful.

Milestones

Track progress on groups of issues or pull requests in a repository, and map groups to overall project goals.

Issues

Track bugs, enhancements, and other requests, prioritize work, and communicate with stakeholders as changes are proposed and merged.

Charts and insights

Leverage insights to visualize your projects by creating and sharing charts built from your project's data.

Org dependency insights

With dependency insights you can view vulnerabilities, licenses, and other important information for the open source projects your organization depends on.
